DISPLACING HUMAN RIGHTS EBOOKS 2019

Adam Branch

Author: Adam Branch

Release Date: Expected @@expectedReleaseDate@@

Today, Western intervention is a ubiquitous feature of violent conflict in Africa. Humanitarian aid agencies, community peacebuilders, microcredit promoters, children's rights activists, the World Bank, the International Criminal Court, the US military, and numerous others have involved themselves in African conflicts, all claiming to bring peace and human rights to situations where they are desperately needed. However, according to Adam Branch, Western intervention is not the solution to violence in Africa. Instead, it can be a major part of the problem, often undermining human rights and even prolonging war and intensifying anti-civilian violence. Based on an extended case study of Western intervention into northern Uganda's twenty-year civil war, and drawing on his own extensive research and human rights activism there, this book lays bare the reductive understandings motivating Western intervention in Africa, the inadequate tools it insists on employing, its refusal to be accountable to African citizens, and, most important, its counterproductive consequences for peace, human rights, and justice. In short, Branch demonstrates how Western interventions undermine the efforts Africans themselves are undertaking to end violence in their communities. The book does not end with critique, however. Motivated by a commitment to global justice, it proposes concrete changes for Western humanitarian, peacebuilding, and justice interventions. It also offers a new normative framework for re-orienting the Western approach to violent conflict in Africa around a practice of genuine solidarity.

The big ebook you want to read is Displacing Human Rights Ebooks 2019 ebook any format. You can download any ebooks you wanted like SCIMETECH.COM in easy step and you can FREE Download it now.

Most popular website for free PDF. Project is a high quality resource for free eBooks books. As of today we have many PDF for you to download for free. No annoying ads enjoy it and don't forget to bookmark and share the love! Project scimotech.com is a great go-to if you want online reading and download. Best sites for books in any format!
