Marriage is like dancing. To learn to dance, you follow the steps on a paper chart, placing each foot in the footsteps on the floor as indicated—but it takes lots of practice to dance fluidly with great finesse.

Often when we marry, we believe we are in love and marriage can't get any better. However, there will be times when we swing and our partner sways. There are going to be times when both partners are fighting for the lead. At other times, we just melt together, and everything is totally synchronized. Is it possible to keep that synchronization forever?

In *We Danced!* author Lin Sons presents a story-like couples devotional using her forty-year marriage intertwined with a theme of dance. Lin offers life lessons applicable to any couple, whatever their own personal story. Each life lesson is followed by a dance tip designed to bring couples finesse in their dance of marriage.

The message in *We Danced!* is clear: the marriage dance takes lots of practice. By invitation, the Lord provides the strength, joy, and finesse.
