WEDDING VOWS EBOOKS 2019

Author: Susan Lee Smith

Release Date: Lanzamiento previsto: @@expectedReleaseDate@@

This book is a comprehensive and unique guide on how to write one's own wedding vows. In the U.S. alone, there are over 2.4 million weddings every year -- and no two will be exactly alike. Yet whatever the differences, the exchanging of vows is often the most anticipated and memorable moment in the ceremony. Personalizing one's wedding vows is a growing trend in America, but it can be a very stressful experience. This book will help couples by answering some essential questions in preparing for their ceremony: How much of your religion's traditional vows should you include? Is your favorite poem appropriate for the setting you are in, or should you just memorize a couple of lines? Are you stuck on what to say after "I knew you were the one the moment we met"? Are your favorite Led Zeppelin song lyrics an appropriate expression of how you feel about your fiancée? Should you share your vows at the rehearsal?
